

ECOGIRO

Cellulose Clipped Bag

*Giró's first plastic-free
clipped packaging*

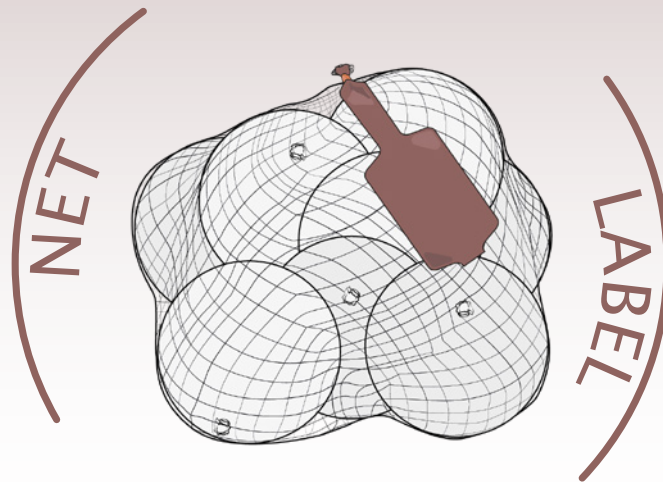

Committed to the environment

MATERIAL

Net made of 100% cellulose yarns, with the possibility of multiple colors.

Label made of 100% paper.

Both the net and the label are cellulosic origin materials with the **FSC certification** (AEN-COC-000401)

PACKAGING FEATURES

- WG & C2C up to 2 kg.
- Made with any existing CA-9S, CA-10 and GH-20.
- Up to 35 bags/min (1Kg).
- High breathability and visibility of the fruit and vegetables.
- Giró recommends to dispose the label into the paper and cardboard container and the net into the organic container.
